WASHTENAW COUNTY SHERIFF OFFICE

Sheriff Jerry L. Clayton

PERSONAL PROPERTY IDENTIFICATION RECORD

If you are a victim of a burglary, it is important that you know the serial numbers of the items stolen. Without positive identification made possible by a serial number, or a unique number which you may engrave or mark on your property, you may not be able to prove you are the rightful owner if the item is recovered from the thief. Recovered property that cannot be positively identified as being stolen cannot be used as evidence against the thief.

Take a few minutes and record the description, serial number and value of those items which are most likely to be stolen. Many of them are listed for you on this form. If you have valuable jewelry, silver, antiques or art objects, take color photographs and note any marks, blemishes or features that make it uniquely identifiable. Keep your property record form and photographs with your insurance papers or in another safe place.

- After you complete your inventory, you will realize how much you have to lose in a burglary.
