**Unfinished Business**

Discussion on the Thompson McCully (**Michigan Paving and Materials**) letter regarding the slope behind Emerson School. Depending on interpretation of the consent judgment, the engineer may need to write the letter. Also a cancellation notice on their **bond** was received that it will expire on April 11, 2005. According to the consent judgment, the engineer must send the letter in regard to the bond. As a side note, a bond was submitted and filed in January for 2005 from Liberty Insurance for Michigan Paving and Materials.

It has been 21 months since we approved a contract with **Pro-Search** to do the house and land drawings for addition to the assessing program. The contract stated they would have the work done within one year. Currently we have the buildings for sections 16-36 residential, agricultural, and commercial. Sections 1-15 were lost when the 2<sup>nd</sup> person tried to merge her work with the first persons work. The assessor suggested that she would do the buildings that were lost with the merge (a back up had not been done). The plat maps have not been returned as they have not done the land sketches. The assessor recommended that if we want to do the land, we have someone do it here at the office. The state and county have web sites where you can get the land sketches. So it was recommended that we not include the land as that information is available elsewhere. In July it will be 2 years that the contract was signed. He must be told to stop work immediately and question him about costs. The township has paid \$3452.35 to this point. Moved Foley, second Masters to terminate the contract this week, request the return of the maps or reimbursement for them and reimbursement of some of the funds. Also request the copies of the cards for sections 1-15 be returned. Carried.

**New Business**

A \$3.00 surcharge per month will added to the monthly bill for the hall’s grass mowing because of the gas prices. The cemetery payments will be made in three installments over the summer. Roll Call Vote: Aye: Radecki, Lindemann, Rentschler, Masters, Foley, Godek, and Crowner. Nay: None. Carried.

Moved Godek, second Crowner to appoint Margaret O’Connor and Karen Ufer to three year terms ending 2008 to the Lodi Township Planning Commission. Carried.
